there is an uncertainty about the Company's ability to continue as a going concern.

However,

- (a) Operating highlights - Ongoing operations with improved business prospects, continues to execute orders in hand, increasing & giving additional focus on turnover of spares, retrofit & service orders which contribute good margin & obtain new orders despite adversities from private as well as public sector, positive EBITDA, robust cost controls
- (b) Financial restructuring - Debt settlement with State Bank of India and acquisition of total debt of the Company due with Dena Bank and Central Bank of India by Rare Asset Reconstruction Ltd.
- (c) On account of the outbreak of COVID 19 pandemic, leading to temporary close-down Company's manufacturing facilities and operations, the Company achieved positive EBITDA and Net profit during the year.
- (d) Considering above, the Management is very positive about the Company's viability and optimistic about its future.

In view thereof, the Financial Statements have been prepared by the Management on a 'Going Concern' basis and no adjustment is considered necessary, except for the provisions made in the books of account, to the recorded assets, recorded liabilities, contingent liabilities and other commitments.

- b) The lenders of the Company have not charged interest on outstanding bank facilities, since the dues from the Company were categorized as a Non-Performing Asset with all banks from December, 2015 onwards. The debt with State Bank of India has been settled and interest is fully waived by the bank. The Company had also represented to its lenders to restructure its debts to a sustainable level including seeking waiver of full unpaid interest. In view of this, the Company has not provided interest amounting to Rs. 460 lakhs for the quarter ended 31st March, 2021 (Rs. 1791 lakhs for the year ended 31st March, 2021 after reversal of SBI interest considered earlier). Accordingly, the same has not been considered for compilation of results of the said quarter and for the year ended 31st March, 2021. However, interest for the year ended 31st March, 2021 has been recognized as "contingent liability" in the financial statements.
- c) The Financial Statements regarding recoverability of Trade Receivable, Advances (which are subject to confirmation) and Impairment of Assets, other than those provided for during the quarter, which has been considered good by the Management.

- d) Inventories of WIP have been valued using estimated progress percentage and standard conversion costs as applied to quantities derived from material issues for the period less finished goods produced. Inventories of Finished Goods have been valued using estimated profitability percentages of the previous year as applied to sales price of finished inventories as of the period end, valuation method for valuation of Inventories, consistently followed at each quarter. Physical verification of inventories has not been performed and thereof differences in quantities are not known. The effects of the foregoing estimates and bases in arriving at the closing inventories are not determined. However such exercise is done at the year end.
- e) The matters described in sub-paragraph (a) to (d) under the Emphasis of Matters may have an effect on the functioning of the Company.

Our opinion is not modified in respect of these matters.

6. CONCLUSION:

Based on our audit conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of standalone audited financial results read with Notes thereon, prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in term of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.
